

Name: _____
Date: _____ Per: _____

Physical Science – Change of State Project

You will be describing the journey of an atom or atoms as they undergo the change from **solid to liquid to gas and back to liquid then solid** again.

You can use any art form you like to outline this journey. Possible mediums include a song, dance, story, poem, video, comic strip, etc.

Every project **MUST INCLUDE** a written component. For example, if you choose to do a dance, you must write out how your dance demonstrates the change from a solid to gas and then back to a solid again.

DUE DATE: _____

POSSIBLE POINTS: 20

Depiction (and description) of atoms changing from a solid to liquid :	5 points
Depiction (and description) of atoms changing from a liquid to gas :	5 points
Depiction (and description) of atoms changing from a gas to liquid :	5 points
Depiction (and description) of atoms changing from a liquid to solid :	5 points

Remember, neatness, creativity, and effort counts!
